Radio Slave launches his new label with something rather huge.

Despite a plethora of remixes (both official and unofficial) over the past few years, My Bleep is (unbelievably) the debut single release from Matt Edwards' Radio Slave moniker. And it is of course unbelievably good....

My Bleep is a slice of heavyweight dancefloor electronics that will be frying synapses and overheating dancefloors everywhere in the coming months. Just to fan the flames even more the commercial release of the single in May will feature a remix from the mighty Roman Flugel.

Already championed by Pete Tong week after week on his Radio 1 show, this is the debut release for Matt Edwards's new Rekids label, which has a feast of music just lined up over the horizon – you have been warned!
